IERE Secretariat is now pleased to announce that the following 14 members have been duly elected, in compliance with the IERE Statutes and Bylaws, as IERE Board members for the two-year-term from the 1st of January 2011 to 31st of December 2012:

- AEP (USA)
- China EPRI (China)
- Chubu EPCO (Japan)
- CRIEPI (Japan)
- EDF (France)
- Enel (Italy)
- EPRI (USA)
- ESKOM (South Africa)
- GE (USA)
- Hydro Quebec (Canada)
- IIE (Mexico)
- KEMA (The Netherlands)
- KEPCO Research Institute(former KEPRI) (Korea)
- NTPC (India)

- IERE Chair; Mr. Mark S. Dudzinski (GE, USA)
- IERE Vice Chair; Dr. Rolando Nieva Gomez (IIE, Mexico)
- IERE Treasurer; Dr. Denis Faubert (Hydro Quebec, Canada)

<< The 10th IERE General Meeting & North American Forum >>

The 10th IERE General Meeting & North American Forum was held successfully in HOTEL NELLIGAN, Montreal, Canada from Nov. 1st to Nov. 5th. This meeting & forum was co-organized with IERE and Hydro Quebec, and was the memorial event as the 40th anniversary of Hydro-Quebec's Research Institute (IREQ). There were 84 participants from 12 countries (Canada, China, France, Germany, India, Italy, Japan, Mexico, Netherlands, South Africa, UK, USA).

Theme

General Meeting

- R&D Roadmap "From Low Carbon Emission to No Carbon Emission"

North American Forum

- Main Theme "What should we do during the 2010's to attain no Carbon emission?"

-Session Theme

- "Optimal Control for the Integration of Renewable Energy"
- "New Applications of Science to Electricity"
- "Energy Efficiency"
- "Clean Coal & Carbon Management Technologies"

Topics

- The participants could share the useful information of the low or no carbon technologies hereafter from leading countries.
- All of the presentations in session 2 were from 7 of Canadian Universities who were invited under the policy of the encouragement of the cooperation between IERE and academies.

The presentation files are published on IERE Member's website.

<< The TIS-Asia Clean Coal Technology Workshop 2010 >>

Clean Coal Technology Workshop 2010 was held successfully November 14-15 in Longyou, Zhejiang China, co-hosted with Shanghai Jiao Tong Univ. and

Central Research Institute of Electrical Power Industry.
It was the first Workshop of new attempts by Generation WG-1 of TIS-Asia Working Groups.
There were 80 to 90 participants from China, Taiwan, Korea, Australia and Japan.

The Government of Longyou County showed their great deal of hospitality, and their great efforts to develop clean energies.

The participants could get information and have useful discussions about China's efforts of clean coal technologies for near future and Japanese overall clean coal technologies, etc.

The presentation files will be published on IERE website soon.

<< Xi'an TPRI newly joined IERE >>

IERE Central Office is pleased to announce that Xi'an Thermal Power Research Institute (TPRI), China, has newly joined IERE as an executive member from the month of November 2010.
Shareholders of Xi'an TPRI are the five major Chinese independent power generation groups which were created after the Chinese power sector's restructuring in 2002.
Please refer TPRI website;
