

## **How to Create and Use Your IERE Account** (Access to Members-Only Content)

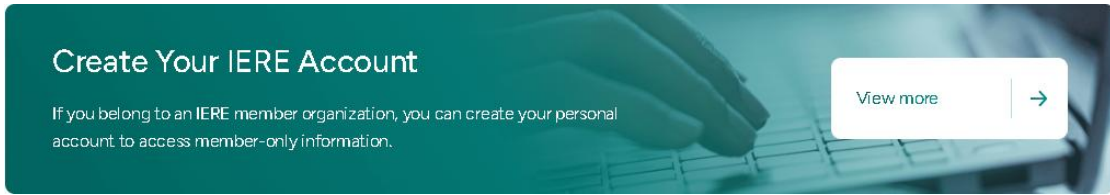

Employees of IERE member organizations can access members-only content on the IERE website by creating a personal account.

Account creation requires email verification. Please follow the steps below to activate your account.

## Step 1. Access the Account Registration Page

Go to the IERE website and click **“View More”** on the top page, or access the page directly:

<https://iere.jp/create-account/>

## Step 2. Enter Your Email Address and Password

Enter your email address using your organization’s domain (e.g., xxx@company.com), and set your password.

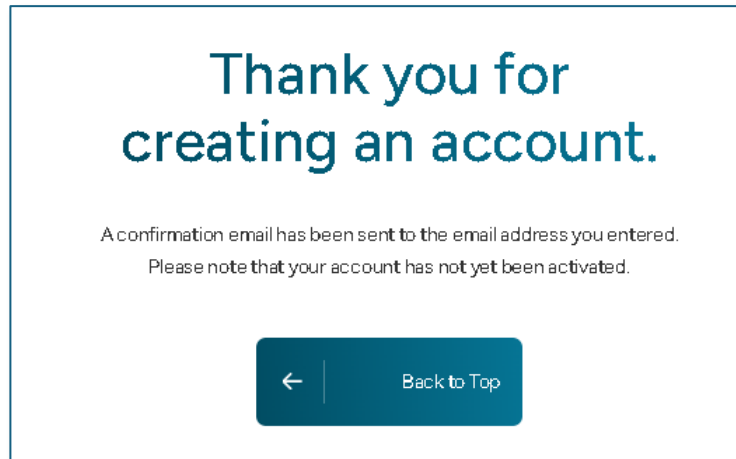

Then click **“Create Account.”**

## Step 6. Log In

When you access members-only content for the first time, the login screen will appear.

Enter your email address and password to log in.

After logging in once, you may not be required to enter your credentials again depending on your browser settings.

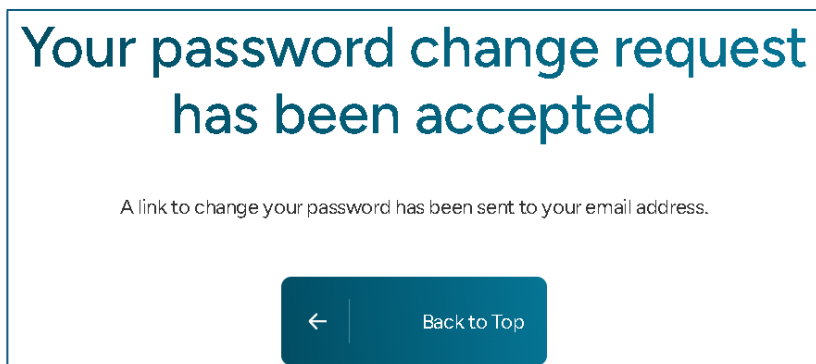

The image shows a login form with a light gray background. At the top, there is a link: [If you would like to register, click here.](#) Below this are two input fields: "Email address" and "Password". Underneath the password field is a dark teal button with the text "Login" and a right-pointing arrow. At the bottom of the form, there is another link: [If you forgot your password, click here.](#)

## Appendix: Reset Your Password

If you forget your password, click the **"If you forgot your password, click here."** link on the login screen.

Enter your email address, and a password reset link will be sent to you.

The image shows a confirmation message with a white background and a dark teal border. The main text reads: "Your password change request has been accepted" in a large, dark teal font. Below this, in a smaller font, it says: "A link to change your password has been sent to your email address." At the bottom center, there is a dark teal button with a left-pointing arrow and the text "Back to Top".

Click the link in the email and set a new password.
